Subject

a

Acer sp,..6
Actinidia chinensis,..124
Aerial spraying,..32 (fig.),33, 34 (fig.), 119, 120 (fig.)
Aflatoxin, test for in groundnuts,..79
AFRCWHEAT, computer simulation model of crop development,..20
Africa, cotton production,..120, 121
  Food and Agriculture Organisation projects,..31
  forestry,..67 (fig.), 68 (fig.)
  locusts,..32 (fig.), 33 (fig.), 34 (fig.)
  population increase,..127
  potato production,..116, 117 (fig.)
  prawn farming,..16
  rice production,..114, 115
  rinderpest eradication campaign,..86
  Sub-Saharan agriculture,..129, 130 (figs.), 131, 132, 136 (fig.)
  wildlife and spread of animal diseases,..24 (figs.), 25 (figs.), 26
African horse sickness,..86
African swine fever,..86, 87
Agricenter International, USA,..22 (fig.), 23 (figs.)
Agroforestry, Chile,..7, 8 (fig.)
  Europe,..7 (figs.), 8
  Sub-Saharan Africa,..132
Aid-in-kind project,..31
Aid to developing countries, Africa,..131
  privatisation of public enterprises and,..18
  research,..79
Air conditioning in glasshouses,..41
Alnus sp,..6
Alopecurus myosuroides,..54
Alphacypermethrin,..75 (figs.), 76 (figs.), 77 (figs.)
Alternaria leaf spot,..64
Amazon basin, deforestation,..106
Andropogon gayanus,..60 (fig.), 61 (fig.)
Angola, locusts,..32 (fig.), 33
Animal breeding, dairy cattle,..126
  effects of new technology,..3
  pigs,..45 (fig.), 46 (figs.), 47 (figs.), 128
Animal feedstuffs, crop residues,..137
  rapeseed meal,..70
Animal health, bluetongue,..86
  cattle,..86, 126
  control schemes,..85, 88, 89
  foot-and-mouth disease,..85 (fig.), 86, 87
  goats,..79, 86 (fig.), 87
  intensive livestock production and,..88, 89 (figs.)
  new technology,..3
  peste des petits ruminants (PPR),..86 (fig.)
  pigs,..87, 88, 89, 129
  poultry,..86, 87, 89 (fig.), 91 (fig.), 92
  rinderpest,..86
  sheep,..79, 86 (fig.), 87
  virus diseases research,..85 (fig.), 86 (fig.), 87 (fig.)
  wildlife and spread of diseases,..24 (figs.), 25 (figs.), 26
Anthracnose, susceptibility of *Stylosanthes* spp,..60
Apanteles plutellae,..66
Aphid traps,..35 (fig.), 36 (fig.)
Aphids, infectivity testing,..35, 36, 37 (figs.)
  on Chinese cabbage,..65
  on hops,..74
  plant virus diseases and,..35 (fig.), 36 (figs.), 37 (figs.)
Apple production,..122 (fig.), 123 (figs.)
Aquaculture,..14, 15 (figs.), 16 (figs.), 23 (fig.), 79
Argentina, agricultural output,..102 (fig.)
Artemia,..14
Arthritis encephalitis, caprine,..79
Artificial insemination (AI), dairy cattle,..42 (figs.), 43 (figs.), 44 (fig.), 126
Asia, agricultural development,..133 (figs.), 134 (fig.), 135 (figs.), 136 (figs.)
  foot-and-mouth disease,..85
  potato production,..116, 117 (fig.)
  prawn farming,..14, 15 (figs.), 16 (figs.)
  rice production,..114, 115
  rinderpest,..86
  vegetable research,..64 (fig.), 65 (figs.), 66 (fig.)
  wildlife and spread of animal diseases,..24, 25, 26
Astroturf,..92
Atrazine,..119
Atrophic rhinitis, pigs,..89
Aujeszky's disease,..88, 89
Australia, agricultural subsidies,..109
  cotton production,..120, 121
  potato production,..116, 117 (fig.)
  review of agriculture,..138, 139 (fig.), 140, 141
  share farming,..58
Austria, agricultural subsidies,..109
Automation, computerised environmental control in glasshouses,..40 (figs.), 41 (fig.)
Avena spp,..54
Avian influenza (fowl plague) research,..86
Azinphosmethyl,..70
Azolla, nitrogen fixation,..115

b

Babesia sp,..26
Bacillus thuringiensis,..66, 119
Badger, tuberculosis in cattle and,..26
Bahamas, prawn farming,..16
Banana, production in developing countries,..116 (fig.)
  world consumption,..122 (fig.)
Bangladesh, prawn farming,..14, 15, 16
  rice production,..114
  wheat production,..135
Barley, mechanised seed stripping,..81, 82
Barley yellow dwarf virus (BYDV),..35, 36 (fig.), 37
Battery (cage) system of egg production,..90, 91
Beans, improvement,..79
Beet western yellows virus (BWYV),..35, 36, 37
Biological pest control,..66, 79
Birds, spread of animal disease and,..26
Bluetongue,..26, 86, 88
Bolivia, agricultural output,..102
Book reviews
Alternative Farm Enterprises; a Guide to Alternative Sources of Income for the Farmer, by Slee,..93, 94
Environmental Aspects of Plantation Forestry in Wales, ed. Good,..94
Global Aspects of Food Production, ed. Swaminathan and Sinha,..93
Greening of Africa, The, by Harrison,..93
Helpful Insects, Spiders and Pathogens, by Shepard, Barrion and Litsinger,..95
Like Engend'ring Like: Heredity and Animal Breeding in Early Modern England, by Russell,..94
Pest Control Safe for Bees: Manual and Directory for the Tropics and Subtropics, by Adey, Walker and Walker,..95
Pesticide Manual, The: a World Compendium, ed. Worthing and Walker,..95
Rice, by Grist,..94, 95
Termites in Buildings: their Biology and Control, by Edwards and Mill,..95
Victorian Farms, by Brigden,..94
Bordetella bronchiseptica,..89
Botswana, locusts,..32 (fig.), 33
  Striga on sorghum,..29 (fig.)
Bovine pleuropneumonia,..85
Bovine somatotropin,..100, 124
Brachiaria decumbens,..59, 60, 61 (fig.)
Brachycaudus helichrysi,..36
Brassica crops, biological pest control,..66
Brassica spp,..64, 69
Brazil, agricultural output,..102 (fig.)
  deforestation,..106
  finance for agriculture,..105
  forestry,..68, 69
  prawn farming,..16
  Stylosanthes spp,..59, 60
Buildings, farm,..31, 124, 125
Burkino Faso, *Striga* resistant sorghum,..30
Burundi, locusts,..32 (fig.), 33

c

Cabbage production, developing countries,..116 (fig.)
Caloptilia spp,..60
Canada, agricultural subsidies,..109
  changes in agriculture,..98 (figs.), 99, 100, 101 (fig.)
  potato production,..116, 117 (fig.)
Canine distemper,..25 (fig.)
Capripox virus,..87
Capsicum annuum,..64, 66
Carbon dioxide enrichment in glasshouses,..41
Carcass quality, pigs,..45, 46 (fig.), 127, 128 (fig.)
Caribbean, prawn farming,..16
Carp,..14, 76 (figs.), 77 (figs.)
Cassava, genetic conservation,..62
  production, developing countries,..116 (figs.)
Castration, pigs,..128
Cat, spread of animal diseases and,..26
Catfish,..14, 23 (fig.)
Centro Internacional de Agricultura Tropical (CIAT), gene bank,..63
  Stylosanthes sp, collection,..59
Cereal production, changes in Europe,..3
  experiment on fallowing,..54
  mechanised harvesting,..80 (figs.), 81 (figs.), 82
  policies to reduce surpluses,..39, 50, 51, 52
Cereals, locusts on,..33, 34
  virus diseases,..35, 36 (fig.), 37
Chile, agricultural output,..102 (fig.)
  forestry,..7, 8 (fig.), 68 (fig.)
China, agricultural development,..136
  aquaculture,..14, 16
  fertiliser use,..133 (fig.)
  gene bank,..62 (fig.)
  rice production,..114
  wheat production,..110, 111, 112 (fig.), 113

Chinese cabbage, improvements in breeding and cultivation,..64 (fig.), 65 (fig.), 66 (fig.)
Cicadulina sp,..27
Citrus fruits, world consumption,..122 (fig.), 123
Climate, changes in,..97
effect on potato cultivation,..117
Cocoa, rat control in,..78
Collaborative Research Support Programs (CRSPs),..79
Colletotrichum gloeoporioides,..60
Colombia, agricultural output,..102 (fig.)
irrigation,..12
prawn farming,..16
Stylosanthes pasture improvement,..59, 60, 61 (fig.)
Combine harvester, seed stripping attachment,..80 (fig.), 81 (fig.), 82
Common Agricultural Policy (CAP),..2, 39, 49, 50, 51, 52, 107, 108 (figs.), 109, 110, 139, 140
Computer use, agricultural information,..56
environmental controls in glasshouses,..40 (figs.), 41 (fig.)
farm management,..100
modelling crop development in wheat,..19 (fig.), 20 (figs.), 21 (fig.), 22
Consultants, agricultural,..55, 56
Consultative Group on International Agricultural Research (CGIAR),..63, 142, 143
Contracting-out public enterprises (privatisation),..18
Cooperatives, privatisation of public enterprises,..18
Cost/benefit analysis for research and development,..1
Costa Rica, agricultural output,..102
Cotton, review of technical developments,..119, 120 (figs.), 121 (figs.)
world consumption,..119
Cowpeas,..29, 31, 79
Cratageus sp,..6
Crayfish,..23 (fig.)
Crop production, agroforestry,..7 (figs.)
effects of new technology,..3
Crop storage, low cost buildings for,..31
potatoes,..117, 118
Cuba, prawn farming,..16
Cucumber mosaic virus,..35
Culicodes sp,..86
Cyprinus carpio,..76 (figs.), 77 (figs.)

d

2, 4–D,..30
Dairy cattle, managing fertility in,..42 (figs.), 43 (figs.), 44 (fig.)
Dairy Information Service (Daisy), recording system,..43 (fig.), 44
Dairy production, Australia and New Zealand,..138 (fig.), 139 (fig.), 140
changes in husbandry,..124, 125 (figs.), 126 (figs.)
effects of new technology on land use,..3
Daylength and growth of wheat,..19 (fig.), 20 (fig.), 21 (fig.)
DDT,..119
Deep-litter system of egg production,..92 (fig.)
Deer, spread of tuberculosis and,..26
Deltamethrin,..70
Demeton-S-methylsulphone,..70
Demonstrations, centre for,..22 (fig.), 23 (fig.)
on-farm,..55 (fig.), 56
Denationalisation,..18
Diadegma eucerophaga,..66
Diquat dessicant, use on oilseed rape,..70
Diuron,..120
Diversification of agriculture, Europe,..49
Dog, spread of rabies and,..25 (fig.), 26
Drainage, land reclamation and,..6 (fig.)
Draught animals,..11, 12 (fig.)

e

Ecuador, prawn farming,..15, 16 (fig.)
Education, agricultural,..22 (fig.), 23 (figs.), 56, 132 (fig.)
Egg production, agroforestry and,..8
alternative systems of,..90, 91 (figs.), 92 (fig.)
Egypt, locusts,..32 (fig.), 33
Electrophoresis,..85
Electrostatic sprayers, insecticides,..119, 120 (fig.)
Environment, agriculture and changes in,..2, 97
conservation, agriculture and,..101
degradation, Sub-Saharan Africa,..131
Enzootic pneumonia,..88, 89 (fig.)
Enzyme-immunoassay (EIA) kit for progesterone in milk,..43
Enzyme-linked immunosorbent assay (ELISA) for diagnosis of virus diseases,..85, 86
Erwinia carotovora var. *carotovora*,..64
Ethephon,..71
Ethiopia, locusts,..32 (fig.), 33
Striga control,..29, 30 (figs.), 31
Ethylene, for *Striga* control,..29
Eucalyptus,..67, 68 (figs.), 69
Europe, agroforestry,..7, 8
changes in agriculture,..2, 49
intensive livestock production,..88
oilseed rape production,..69, 70
population,..127
potato production,..116, 117 (fig.)
prawn farming,..16
European Community (EC), agricultural policy,..2, 49, 50, 51 (fig.), 52, 107, 108 (figs.), 109, 110
agricultural policy and world farm trade,..38, 39, 139, 140
egg marketing regulations,..90
Foot-and-Mouth Disease Reference Laboratory,..86
European Patent Convention (EPC),..17
Exhibition and conference centre, USA,..22 (fig.), 23 (fig.)
Extension, agricultural,..13, 55, 56, 57

f

Fallow, policy for taking land out of production,..50, 51
system described,..53 (figs.), 54 (fig.)
Farmers, role in agricultural information,..55 (fig.), 56 (fig.), 57
Farms, incomes,..99 (fig.), 109
size,..99 (figs.), 101, 105, 108 (fig.)
types of tenure/ownership,..58, 101, 105, 130, 140
Feed conversion, pigs,..128 (fig.)
Feline enteritis,..26
Fenpropimorph,..70
Fertiliser use, Chinese cabbage,..66
cotton,..120
fallowing and,..53, 54
grassland,..125
history of,..53
oilseed rape,..70
rice,..115
silage crops,..124, 125
slurry injection technique,..9 (fig.), 10 (fig.), 11
Striga control in sorghum and,..29, 31
wheat,..54 (fig.), 112, 113
Fish, toxicity of insecticide formulations to,..75 (figs.), 76 (figs.), 77 (figs.)
Fish farming, demonstrations,..23 (fig.), 56
prawns,..14, 15 (figs.), 16 (figs.)
research aid to developing countries,..79
Fisheries, world production,..14
Flocoumafen, rodenticidal activity,..78 (figs.)
Food and Agriculture Organisation (FAO),
Consultative Group on International Agricultural Research (CGIAR),..142
Emergency Centre for Locust Operations,..34
projects for developing countries,..31, 57
Reference Laboratories for animal virus diseases,..85 (fig.), 86
rinderpest eradication campaign,..86
Foot-and-mouth disease (FMD), research,..85 (fig.), 86, 87 (fig.)
spread of infection,..24, 25, 89
wildlife and spread of,..24, 25
Forestry, agroforestry,..7 (figs.), 8 (fig.), 132
farm woodlands,..49
forest products industry and projects,..67 (fig.), 68 (figs.), 69
land reclamation,..6
plant propagation,..68
research,..67, 68 (fig.), 69
Formulation, effect on toxicity of insecticide to fish,..75 (figs.), 76 (figs.), 77 (figs.)
Fowl plague, research,..86
France, land reclamation after mining,..4 (fig.)
oilseed rape research,..71
prawn farming,..16
Free-range system, egg production,..91 (fig.), 92
Fruits, tree, production and consumption,..122 (fig.), 123 (figs.), 124
Fuelwood plantations,..67
Fungicide use,..70, 113

g

Gambia, prawn farming,..16
Gene banks,..62, 63 (fig.)
General Agreement on Tariffs and Trade (GATT),..39
Genetic conservation, food crops,..62 (fig.), 63 (fig.), 115
Genetic manipulation, cotton,..119
crops and livestock,..3
patent rights,..17
pig,..129
Germany (Federal Republic), land reclamation,..5, 6
meat consumption,..127 (fig.)
Ghana, prawn farming,..16
Gins, cotton,..121

Glasshouses, computerised environmental control in,..40 (figs.), 41 (fig.)
hydroponic demonstration centre,..23 (fig.)
Glossina spp,..24
Glucosinolate in oilseed rape,..70, 71
Glyphosate,..119
Goat, place in African agriculture,..130 (fig.), 131
pregnancy diagnosis,..44
vaccination against virus diseases,..79, 86 (fig.)
Goat pox,..85, 86
Government policies, effect on world farm trade,..38, 39, 100
to reduce surpluses,..50, 51 (figs.), 52 (fig.)
Grass silage,..125, 126 (fig.)
Grasshopper, Senegalese,..32 (fig.), 33, 34
Grassland, slurry injection technique,..9, 10 (fig.), 11
soil compaction,..83, 84
Green manuring,..54
Groundnuts, food and production value in developing countries,..116 (figs.)
genetic conservation,..62
improvement,..79
Growth regulator, insect, use in pest control,..119
Growth regulator, plant, use on oilseed rape,..70, 71
Guinea, water resources and market gardening,..31

h

Haemophilus pleuropneumoniae,..89
Halothane, reaction in pigs,..45 (fig.), 46 (figs.), 47 (figs.)
Harvesting, cereals,..98 (figs.)
cotton,..120, 121 (fig.)
hops,..73 (fig.), 74
mechanised seed stripping,..80 (figs.), 81 (figs.), 82
rice,..114 (fig.)
soil compaction and,..84 (fig.)
Haymaking,..108 (fig.)
Hellula undalis,..64
Helminth diseases, wildlife and spread of,..26
Herbicide resistance, breeding cotton for,..119, 120
Herbicide use, cotton,..120
fallowing and,..53 (fig.), 54
oilseed rape,..70
wheat,..112 (fig.), 113
Honduras, irrigation,..12
Hops, new dwarf variety,..72 (fig.), 73 (figs.), 74
Humidity, computerised control in glasshouses,..40 (fig.), 41
Humulus lupulus,..72
Hybrid vigour, cotton,..119
Hydroponic greenhouse,..23 (fig.)
Hyparrhenia rufa,..59, 60

i

Immunological assay techniques, animal virus diseases,..85, 86
progesterone in milk,..43
India, agricultural development,..137
cotton breeding,..119
oilseed rape production,..69, 71 (fig.)
prawn farming,..15, 16
rice production,..114
rinderpest eradication campaign,..86
Striga resistant sorghum,..29, 30, 31
wheat production,..112, 113, 135
yields and fertiliser use,..133 (fig.)
Indonesia, agricultural economics,..134 (fig.), 135 (fig.)
agricultural information,..57
prawn farming,..16
rice production,..114
yields and fertiliser use,..133 (fig.)
Infectivity testing, aphids for transmission of plant virus diseases,..36, 37 (figs.)
Insect pests, peppers,..66
Insecticide use, aphid control,..36, 37
Chinese cabbage,..66
control of maize streak virus,..28
cotton,..120
oilseed rape,..70
rice,..75 (figs.), 76 (figs.), 77 (figs.)
Intensive livestock production, health problems and control,..88, 89 (figs.)
poultry for eggs,..90, 91
International Board for Plant Genetic Resources (IBPGR),..63, 142
International Centre for Agricultural Research in the Dry Areas (ICARDA),..143
International Centre for Tropical Agriculture (CIAT),..142
International Convention for the Protection of New Varieties of Plants (UPOV),..17
International Crops Research Institute for the Semi-Arid Tropics (ICRISAT),..30, 142
International Food Policy Research Institute (IFPRI),..143
International Institute of Tropical Agriculture (IITA),..28, 63, 142
International Laboratory for Research in Animal Diseases (ILRAD),..142
International Livestock Centre for Africa (ILCA),..11, 12, 143
International Maize and Wheat Improvement Centre (CIMMYT),..28, 115, 142, 143
International Monetary Fund (IMF),..131
International Potato Centre (CIP),..63, 118, 142, 143
International Rice Germplasm Centre (RGC),..115
International Rice Research Institute (IRRI),..12 (fig.), 13, 62, 63 (fig.), 115, 142
International Service for National Agricultural Research (ISNAR),..143
International Wool Secretariat,..139, 141
Iprodione,..70
Iran, rice imports,..114
Irrigation, Asia,..133 (fig.)
computerised control in glasshouses,..41
cotton,..120
demonstration centre,..23 (fig.)
equipment,..12 (fig.)
Latin America,..103
market gardens, Guinea,..31
Pakistan,..57
pest control and,..66
sub-Saharan Africa,..131
Italy, foot-and-mouth disease,..85
prawn farming,..16

j

Japan, agricultural subsidies,..109
land per head of population,..135 (fig.)
patent laws,..17
prawn farming,..16

k

Kiwifruit,..124
Korea, land per head of population,..135 (fig.)
yields and fertiliser use,..133 (fig.)

l

Land use, new technology and changes in Europe,..2, 3
restoration of derelict sites,..4 (figs.), 5 (fig.), 6 (fig.)
Late blight, potatoes,..117
Latin America, agricultural economy reviewed,..102 (figs.), 103 (figs.), 104 (figs.), 105 (fig.)
food production trends,..136 (fig.)
land reform,..106
pasture legume for poor soils,..59 (fig.), 60 (figs.)
potato production,..116, 117 (fig.)
prawn farming,..16
Leaf hopper, maize streak virus vector,..27 (fig.), 28
Legumes, for tropical pasture,..59 (fig.), 60 (figs.)
genetic conservation,..62
improvement,..79
Lentils, food and production value in developing countries,..116 (fig.)
Leptohylemia coarctata,..54
Leptospira sp,..26
Lettuce mosaic virus,..35
Light, computerised control in glasshouses,..40 (fig.), 41
Livestock production, agroforestry and,..7, 8 (fig.)
effects of new technology,..3, 100
goats,..130 (fig.), 131
health problems of intensive production,..88, 89 (figs.)
Latin America,..103 (fig.)
pigs,..127 (figs.), 128 (figs.), 129
poultry for eggs,..90, 91 (figs.), 92 (fig.)
research aid to developing countries,..79
sub-Saharan Africa,..131
tropical legume pasture,..59 (fig.), 60 (figs.)
wildlife and transmission of disease,..24, 25, 26
Locusta migratoria migratorioides,..33
Locustana pardalina,..33
Locusts, incidence and control, Africa,..32 (fig.), 33 (fig.), 34 (fig.)
Low ground pressure vehicles (LGPV),..84
Lucerne, mechanised stripper harvester,..82
silage,..126 (fig.)
Lumpy skin disease,..87

m

Macrobrachium rosenbergii,..14, 15 (fig.)
Maize, genetic conservation,..62
improvement,..31, 143
mechanised seed stripping harvesters,..82
production, developing countries,..27, 116 (fig.)
silage,..125, 126 (fig.)
spraying techniques,..101 (fig.)
Maize streak virus (MSV),..27 (fig.), 28
Malawi, locusts,..32 (fig.), 33
Malaysia, agricultural economics,..134 (fig.), 135 (fig.)
prawn farming,..16 (fig.)
Mali, locusts,..32 (fig.), 33
Malignant catarrhal fever,..25 (fig.)
Manganese, *Stylosanthes capita* tolerance to,..59
Mange,..26, 89
Mango production,..123
Mastitis, bovine,..126
Mauritania, locusts,..32 (fig.), 33
Meat, quality,..45, 46 (fig.), 127, 128
world consumption,..127 (fig.)
Mechanisation, cereal production,..98 (fig.), 99, 113
dairying,..125, 126 (fig.)
harvesting,..74, 80 (figs.), 81 (figs.), 82, 120, 121 (fig.)
Latin America,..105
slurry injection into grassland,..9 (fig.), 10 (figs.), 11
small scale cultivations,..11, 12 (figs.), 13 (fig.)
soil compaction a result of,..82, 83 (figs.), 84 (fig.)
tree planting,..67 (fig.)
Melinis minutiflora,..60
Metopolophium spp,..36, 37 (fig.)
Mexico, agricultural economics,..102 (fig.), 105
wheat production,..112
Microorganisms, patent rights in,..17
Mildews, control,..64, 65, 66, 74
Milk, progesterone levels during oestrus cycle,..42 (figs.), 43, 44 (fig.)
Milk production, effects of new technology,..3
improvements in,..124, 125 (figs.), 126 (figs.)
levies and quotas, EC,..39, 109
Milking systems,..125, 126 (fig.)
Mining, effect on environment,..4 (figs.), 5 (fig.)
Models, computer simulation of crop development in wheat,..19 (fig.), 20 (figs.), 21 (figs.), 22
